ZEF Announces More Than \$33,000 in Fall Classroom Grants

On Tuesday, October 9, 2018 the ZEF "prize patrol" made up of board and grants committee members awarded \$33,152.32 to Zionsville Community Schools (ZCS) educators.

The nine grants touch all eight ZCS schools and learners at every level. They fund creativity in learning and play, connect math curriculum with real world applications, introduce robotics to our youngest students, increase musical resources, provide technology for innovative teaching, and give essential skills students access to transformative therapy.
