Our Mission . . .

The mission of the Zionsville Education Foundation (ZEF) is to serve our school community by providing funds that promote academic excellence. Our vision is to partner with our school community to instill in students a lifelong desire for knowledge.

Why ZEF?

Over the last 27 years, ZEF has awarded more than \$1.6 million in grants to educators and students throughout Zionsville Community Schools (ZCS).

FACT: ZCS is the lowest funded public school district per student in the state of Indiana.

ZEF funds innovative classroom projects, professional development for teachers, and student experiences not otherwise available to educators and students. Your sponsorship is an investment in public education, granting resources not available to our school community through tax dollars. These dollars can only be replaced through the generosity of our corporate, small business, and individual donors.

Impact of Your Support

Your gifts make an immediate impact and enable our teachers to dream big.

FACT: In 2021, ZEF awarded more than \$118,000 in grants to Zionsville Community Schools.

The generosity of our donors benefited more than 7,700 students and 470 teachers through grant funding from ZEF. Twenty-seven years of balanced budgets has allowed ZEF to set aside net income in a conservative investment that is ready for larger strategic initiatives such as, district-wide video production equipment, elementary school music education grants, the transformation of a middle school library into an interactive space, and robotics at every level in the district.

Bringing Innovative Ideas to Life...

ZEF's ability to connect with students, teachers, parents, and community residents is immediate and multi-faceted. Our impact is not just an annual event, but rather consistent, meaningful connections with our core audience and supporters.
